[Associated Press serv] Commercial Pacific Cable]

ROME, Italy, Sept. 8.—The Tribuna publishes the information that 250,000 Russians have been landed in France and are hastening to reinforce the Allies.

REPORT ARMISTICE REFUSED

PARIS, France, Sept. 8.—It is unofficially reported that the Germans have asked an armistice to bury their dead, which has been refused by the Allies.

PARIS, France, Sept. 8.—Experts consider that General Joffre's fresh troops, fighting along their own chosen lines against a tired foe have a marked advantage. They declare that the enemy's strength has probably reached its maximum while that of the Allies is augmenting daily.

If the Allies lose, assert the military experts, Paris is still capable of offering a stubborn resistance. If the Germans lose, on the other hand, their campaign will collapse.

NIAGARA IS SAFE

SYDNEY, N. S. W., Sept. 8.—The Canadian-Australasian liner Niagara is safe.

GERMANS BURN FAMOUS CHURCHES

THE HAGUE, Netherlands, Sept. 8.—Two famous churches were destroyed when the town of Dinant, Belgium, was burned by the Germans. One contained an altar piece by Rubens, considered one of his greatest works.

TERMONDE IS BURNED

BRUSSELS, Belgium, Sept. 8.—The Germans have burned the town of Termonde, East Flanders, where they met stout resistance and lost many men last Friday and Saturday. Not one house is left upright in the town, according to reports.

ALLIES MAKING GENERAL ADVANCE

PARIS, France, Sept. 8.—Official announcement here on the result of the tremendous battle that has been raging for days between the armies of the Allies and the German forces says:

"The Allies' left, comprising portions of the army defending Paris, continues its progress.

"The advance reaches from the River Ourcq into the neighborhood of Montmirail.

"The Germans are retiring towards the River Marne, between Meaux and Sezanne."

ALLIES FLANK PROTECTED

LONDON, Eng., Sept. 8.—Military observers note that the fortifications of Paris and Verdun are effectively protecting the flanks of the Allies' armies while Maubeuge and the forces there are in position to harass the German rear.

FRENCH AEROPLANES SCOUT WELL

LONDON, Eng., Sept. 8.—Reports on the battling in France say that the French aeroplanes used for scouting above the enemy's lines were so effective in promptly discovering the German shift that the Allies had plenty of time to make corresponding dispositions of their forces to meet the new attacks.

GERMANS BLOCKED AND DRIVEN BACK

PARIS, France, Sept. 8.—In violent encounters on the French center between Fere Champenoise and Vitry-le-Francois, the German retirement yesterday and last night was pronounced. On the French right a German division which attacked on the axis of Chateau Salines and Nancy was repulsed and driven northwards.

Further east, the French have reoccupied the crest of Mandry and the peak of Forneaux.

No change is recorded in the Alsace situation.

HONOLULU MAY GET ELKS' BIG MEETING IN 1916

Senator Coke, Home from Denver, Says Grand Lodge Session Here Can Be Secured

"Honolulu can get the grand lodge session of the Elks in 1916 if this city will go after it," declared Senator James L. Coke this morning, upon his arrival from a trip to the coast that included attendance upon the recent convention of Elksdom in Denver.

As a matter of fact, as Senator Coke laughingly admits, he nearly got the grand lodge session of the Antiered Tribe for next year without meaning it. When the Elks assembled in Denver heard Coke expand on the beguities and charms of Hawaii, they jumped at the opportunity to hold their big annual session here in 1915 and "Jim" had to explain that what he said in the way of invitation was meant as a joke and as preparatory to a possible campaign for the convention of 1916.

"It happened this way," said Coke today, after his arrival on the Manoa. "Seattle was sure of the 1915 session and everybody was so certain the Northwestern city would get it that there was no talk of any other place. Then the Elks found out that the Shriners are going to hold their annual session in Seattle next year and that unfortunately the Seattle people had allotted to the Shriners the regular date for the Elks grand lodge session, the second week in August. The Elks do not change this date so they quickly made up their minds Seattle would have to be dropped.

"That left it up in the air. So in a spirit of boosting for Hawaii I made 'em a little talk in which I said that Hawaii was always glad to welcome people from over the ocean and we'd be glad to have the Elks come to Hawaii in 1915.

"To my surprise they jumped at it and were on the point of voting to come here. I saw that the time was short for Honolulu to make adequate preparations and so I told them we would have to look up steamship arrangements and matters of the kind. The convention finally decided to go to Los Angeles next year, but I firmly believe we can get the Elks here in 1916 and it would be a great thing. There would be 1800 or 1900 delegates and five or six thousand people coming on such an occasion."

After attending the convention as delegate from Honolulu lodge, Senator Coke went back to the coast, met Mrs. Coke in Roseburg, Oregon, and they went to the senator's former home at Coos Bay. There a ceremonial session of visiting Shriners was held, during which Senator Coke proudly waved "Jim" McCandless's Honolulu banner.

Coke did a lot of home-boasting while he was gone. He made a number of informal speeches in which he invited people to come to Hawaii, he distributed two barrels of leis—they fought for them in Denver—and a lot of Hawaii Promotion Committee literature.

Mrs. Coke returned with him on the Manoa. She visited on the coast while he was in Denver.

"Everybody is interested in Hawaii and there ought to be a big tourist traffic here next year," comments Coke.

Well known Businessman
Comments on Current Affairs of Interest Here

Significant and interesting comment on current affairs of particular importance to Hawaii are contained in a letter the Star-Bulletin has received from a well-known Honolulu businessman and one recognized as a conservative, now visiting in San Francisco. He says:

San Francisco, Aug. 31, 1914.

"I note with interest and pleasure the news in the Honolulu papers of the activities of the 'Ad' Club in the matter of doing something for the enlisted men of the army now in Honolulu. This is a step in the right direction and I sincerely hope that it will come to a successful issue. The objections, heretofore, to a movement of this kind have come from an element

RICE'S CLOSING WEEK VIGOROUS; BIJOU TOMORROW

Big Massmeeting at Theater
Tomorrow Night Will Be
Full of Fireworks

Senator Charles A. Rice's last week of the primary campaign is bringing out bigger and bigger crowds to hear him, and the meeting scheduled for the Bijou theater tomorrow night is expected to be one of the largest that every crowded the theater.

The speakers announced today for the Bijou meeting are A. D. Castro, Charles A. Rice, E. C. Peters, W. J. Coelho and C. H. Olson. Each will make a short and snappy speech and the tip went out this morning that some of the speeches will be full of "hot stuff."

The theater management will furnish moving pictures and music and Joel C. Cohen will preside, as he is doing at all of the Republican meetings at the Bijou.

Rice will make a whirlwind tour of the city tonight, speaking at meetings held as follows:

At Kaulani tract; at Kalihi-uka; at Ward and Queen street; at School and Liliha street; at Punchbowl and Luso streets. Among tonight's speakers will be C. A. Rice, E. C. Peters, W. J. Coelho, A. D. Castro, Alec Lindsay, J. A. Atkins, C. H. Olson, W. R. Farrington, Ed. Towse, M. J. Serpa.

Voters from every part of the city are telephoning to Rice headquarters asking for meetings in their section so that they may have more opportunities to hear Rice speak. He has already been in nearly every section, speaking and winning friends right in some of the places where Kuhlho claims to be strongest.

In political circles today the announcement that Kuhlho is going to hold another meeting at the Bijou is received as of particular significance. It is evident that the Kuhlho management wants to hold a meeting after the Rice general meeting. The politicians around town take the news as evidence that the Kuhlho people are worrying more than they will admit.

The trial of Wong Pak Lin and others on a charge of assault and battery will be undertaken in Circuit Judge Ashford's court tomorrow morning, beginning at 9 o'clock.

JEFF M'CARN HAS NOTHING TO SAY FOR PUBLICATION

U. S. District Attorney Returns
from Mainland Greatly
Benefited in Health

"I have no statement to make for publication. I decline to discuss any official matters which occurred before I left here, while I was away, or since I have returned. To be brief, I want to preserve my former policy of not discussing official matters in the newspapers. I feel that it is not best for the department, the service or the community."—Statement of Jeff McCarn.

Jeff McCarn, United States district attorney for Hawaii, had "absolutely no statement to make for publication regarding official matters" when seen by the Star-Bulletin this morning shortly after his arrival on the steamer Manoa from San Francisco, following a trip to Washington, D. C., where he was in conference with the attorney-general and other officials.

Except to say that he had been to the national capital, had interviewed the attorney-general and, prior to returning to Hawaii, had visited with his mother in Nashville, Tennessee, his former home, Mr. McCarn would volunteer no details as to the purpose of his trip and the nature of the business which transpired between himself and officials in Washington. He did say, however, that the trip to the mainland had improved his health, and that he was glad to be in Hawaii again.

"Have you been asked for your resignation?" was one of the questions asked the district attorney.

"I have no statement to make for publication regarding official matters," he replied.

"What is the status of the Clemons' matter?"

"I do not know anything about it. I saw a statement that he was to be asked for his resignation, but I have nothing to say regarding that for publication. In fact, to be brief, I want to preserve my former policy of not discussing official matters in the newspapers," answered Mr. McCarn. "I feel that it is not best for the department, the service or the community."

"I cannot say, as Caesar, did, that 'I came, I saw and I conquered,'" he added. "but I can say that I went, I saw and I returned."

"What are the possibilities of Harry Irwin securing Judge Robinson's place on the territorial bench?" was the next question.

It was told today that the newspapers had published such a rumor, but I have no statement for publication regarding that matter," said Mr. McCarn.

The district attorney also said that he had no statement to make regarding the rumor that Judge William Whitney is to be retained on the circuit bench.

Mr. McCarn volunteered the information.

CONSUL GORDON SAYS PACIFIC TRAFFIC OPEN

British Admiralty Says Seaplanes in Northern and Hawaiian Waters Safe

Acting under instructions from his government Great Britain's consul here, E. L. S. Gordon, officially announced this morning that traffic on the North Pacific is open for British commerce. The sea lanes are clear for British shipping between Canada and the Orient, and between Japan and the North China coast, with the exception of the immediate vicinity of Kiochau.

Consul Gordon says he also is authorized to announce that traffic is safe for British out of Honolulu, although English vessels are warned to swing clear of the straight or regular routes.

The announcement this morning is taken as confirmation of the statements in the columns of the Star-Bulletin that the German cruisers Leipzig and Nurnberg are getting out of the "war zone" on the Pacific.
